

KELLIE WOOLF

Kellie Woolf's debut novel, *Mount Hope*, is set in Topeka, Kansas, where she was born and raised. While she now lives in Colorado with her husband, Steve, and her cat Figgy, Topeka will always be home. She graduated from Seaman High School, and all of her children were born at Stormont Vail hospital. Mount Hope Cemetery is the resting place for precious family members, and as a young adult, her first employment experiences crisscrossed the city.

Kellie has been a fierce supporter and advocate for the LGBTQ+ community. Multiple family members on every side, dear friends and herself belong. In this human experience, she believes three things are designed innately for everyone: faith, hope, and love. In this work, she presents all three, with the greatest of these being love.

While she is serious about her family, faith, and social justice, you can usually find her laughing with friends and exploring nature. Her adventures include marrying Steve, raising three children, and adopting two teenagers—to say nothing of evading London's subway bombs in 2005, competing in Irish hard shoe dancing, and being a contestant on Ellen's Game of Games. She is currently acting as codirector of a non-profit organization that offers healing and inspiration to today's weary teachers and is working on her second novel.

Praise for *Mount Hope*

AD Analytics

author of *This Thing Upon Me* & *Neon Red*

Kellie's ability to weave a story is absolutely spellbinding! One word comes to mind throughout the course of my reading, and that is GRIPPING. From page one to the last, the story snatches your soul and refuses to let go.

Shannon Macfarlane

author of *The Dust Prophet*

Fearless. Moving. Timely. Kellie Woolf challenges the reader not to avert their eyes from one man's act of evil, nor the depths of God's love. *Mount Hope* shows us they not only co-exist, but are both seemingly infinite. It is as much an unflinching crime drama, as it is an apology that should have come from the pulpit long ago. I was enthralled from start to finish.
